The FORD CO. GLOBE, Established 1877. Consolidated, 1889.  
The FORD CO. REPUBLICAN, " 1886.

DODGE CITY, KANSAS, THURSDAY, SEPTEMBER 13, 1900.

TWENTY-FOURTH YEAR. VOL. XXIII, NO. 49.

## The Judicial Convention.

The delegate convention of the 31st judicial district, was held in Bucklin on Monday. All the counties were fully represented.

F. M. Davis, of Meade county, was called to the chair, and W. M. Brooks, of Gray county, was appointed Secretary. N. B. Klaine, of Ford, Jos. P. Emery, of Gray, and Frank Fuhr, of Meade, were appointed a committee on resolutions.

The committee reported the following resolutions which were adopted unanimously.

1. This convention representing the Republicans of the 31st Judicial District, affirms the principles set forth in the National Republican platform.

2. We commend the administration of President McKinley, in its home and foreign policies. We believe in maintaining our flag wherever by force of circumstances it may be planted—whether upon the blood stained field or in the establishment of peace over victory.

3. We believe in the progressive American principles now established in furtherance of honor, freedom and civilization. We take no backward step.

4. We believe in the American policy, which is now placing our country the foremost on earth, in wise statesmanship, true patriotism and exalted diplomacy.

5. We are for the freedom of the oppressed everywhere and the advancement of civil and religious rights.

6. We endorse the administration of Governor Stanley and favor his reelection, and of the entire Republican State ticket.

7. We admire the courage and patriotism of our soldiers in the field, or wherever called by service to the country; and we favor just and equitable pensions to our brave defenders.

8. We believe the judicial department of our country to be the bulwark of our dependence in the stability of our government; and in the maintenance of jurisprudence, is held equal and exact justice to all men; upon which depends the safety of our institutions, the protection of our lives and property.

9. We believe the appointment of Judge E. H. Madison to the vacancy on the bench in this judicial district, was wisely made by Governor Stanley, in respecting the wishes of all classes of people.

10. We know that Judge Madison has administered the affairs of the bench in the year past with signal ability, with fairness to all parties, with economy in expenditure of the cost of court, and expeditiously in consideration of time and service.

11. By his uniform candor and fairness to the citizen and the bar Judge Madison's course has been creditable alike to himself and to the State.

12. With these facts to establish a just recognition of his services we commend the re-nomination of Judge Madison, and ask his reelection without partisan bias or prejudice, as the best means of keeping the judicial emine untrammelled by politics, thus preserving the integrity of the court, promoting the best interests of all people and true citizenship.

The convention having met for the nomination of a candidate for District Judge, on motion of T. A. Scates the nomination of Judge Madison was made by acclamation. Mr. Scates made a neat speech in making the nomination, speaking highly of the qualities of the candidate, and referring to this fact he said that the Democrats highly regarded Judge Madison, and they would not make a nomination, thus leaving the field clear to the Republican nominee.

In accepting the nomination Judge Madison thanked the convention for the honor given him, and said he would use his best efforts to discharge the duties of the office. His aim would be to realize the ideals which the people have in a judge. He said he had a right to exercise his political rights as an individual, but it was not for the court to use politics for personal advancement. He would not reward political friends or punish political foes. To be left in his judgment to do what is best politically he will do his duty as a citizen toward the Republican party. It would be his aim to serve the people as well as his predecessor, Judge Price, who set before his successors a high mark in the diminution of court expenses. Ford county's expenses in court matters was cut down largely through Judge Price's practice in economy in expenditure. Judge Madison said he would give a fair opportunity to everybody to be heard. He would practice economy in court expenses. The reduction of taxes was beneficial to cattlemen and farmers, as well as all citizens.

Judge J. W. Davis, of Greensburg, followed Judge Madison. He spoke of the ability of Judge Madison, who was the best Judge which ever sat on the bench in this country. He was glad to see the high grounds on which he stood. He was glad of the day when the Judiciary would be non partisan. The Judge

ought to be able to sit on the bench without recognizing any political party.

The following central committee was appointed:

Ford county—A. Russell, chairman, Dodge City.

Clark county—M. Sughrue, secretary, Ashland.

Meade county—F. M. Davis, Meade.

Kiowa county—J. W. Davis, Greensburg.

Gray county—S. L. Kelley, Cimarron.

Comanche county—T. H. Thornton, Coldwater.

## EAST END NOTES.

From the Spearville News, Sept. 7.

—Oliphant & Leitner met with a misfortune last Saturday in the loss by fire of their separator. They were threshing for Nick Young who lost 400 bu of wheat. The fire started from a spark from the engine.

—The Rock Island Claim Agent was around at Ford adjusting the claims for damages caused by the recent fire which started near Bloom. We understand he made settlements with most of the claimants.

## LOOK OUT FOR THE PEDDLERS!

There is a gang of five or six men in this vicinity now who are canvassing the country trying to sell groceries and we would like to call the attention of every person in the community to the testimony of our correspondent at Bucklin. He says their customers are not well pleased. It is only fair to presume that if you buy of them that you will be displeased when you get the goods.

However it will make no difference to the man who delivers the goods whether you are satisfied with your purchase or not. He will have your contract and will deliver you a lot of old fourth-class stuff and collect your good cash.

We understand they are using for a bait an offer of 20 lb of granulated sugar for a dollar. We want to say right here that the man who makes such an offer is working a skin game somewhere and if you take the bait you'll get hooked. There is something wrong with his weights, the quality of his goods, or possibly when he comes to making the delivery he will be "just out" of sugar.

Of course a man might sell you one 20 lb lot of sugar for a dollar if you bought enough of something else so that he could skin you sufficiently to make up for it; but every time he gives you 20 honest lb of honest granulated sugar he has lost at least 40 cents.

We haven't the space to call attention to all the baits they are putting out. We believe the people of this locality have played at the wrong end of the sucker string about often enough and that they will be slow to take the bait.

## Question Answered

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bilioussness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Palace Drug Co.

We will give \$10,000 for a case of Habitual Constipation or Bilioussness that will not yield to the Gatlins' Anti-Biliouss Compound, the greatest liver regulator on the market. Large boxes 25 cts. For sale by all druggists.

## Camp Meeting Notes.

—The camp meeting impression will not be forgotten.

—The amount subscribed on Miss Jones' expenses will also be credited on the Century Fund.

—W. H. and Theodore Kauffman will take the camp meeting tent to Roy, Okl., leaving today.

—Best order I ever saw at a camp meeting, is the expression of many people who attended the meetings.

—How to reach a christian life was given in various ways by different ministers who spoke at the Camp meeting.

—Rev. Wm. Westwood preached at the camp meeting Friday afternoon, and his sermon was highly complimented by the shouting Methodists.

—The liberality of a Methodist church audience is always manifest. At the meeting Sunday morning \$38.50 was raised to pay the expenses of the meeting.

—The ideal christian life is not beyond our reach, says Bro. Williams. There are those who think the Bible standard too high, but when we consider the human possibilities in intellectual and spiritual life, it is not too much to say that genuine repentance will lead to the ideal life.

—If the pith and point of all that was said at the camp meeting was written in your hearts you would have enough religious literature to last you a life time. It does not require a large amount of religious knowledge to make a start in religious life. You have simply to get down on your knees and repent, as Bro. Williams expressed it.

—Miss Alta Jones, of Syracuse, will go to the Deaconess Home at Philadelphia, to fit herself for deaconess work. She will represent the Dodge City District. For that purpose \$75.75 was raised Sunday afternoon at the camp meeting, and which will go into the fund to pay Miss Jones' expenses. About \$200 will be required each year, and the money will be raised in the district. Miss Jones has the appearance of a woman who is bound to succeed.

—How to induce sinners to accept Christ is a problem. Elder Martindale spoke many times in a spirit and fervor, with experiences that were clutching arguments. In his sermons are comprehended the possibilities of life. There is a spiritual fervor and practical illustration in all of Rev. Booth's utterances.

Rev. Fay pointed the way to a christian life in exemplary conduct. Rev. Dorr discussed the different methods of church work, and what constituted christian duty. It was not physical doing, but it was spiritual life. Rev. Cummings spoke with a fervency and conviction that stirred sinner and christian. Rev. Patterson has practical common sense and Rev. Jones is deeply concerned in the spiritual life, as evinced in his daily duties. Rev. D. McCormick conducted some of the meetings and looked after the business affairs. He was industriously employed.

—The camp meeting closed Sunday night, and the tent has been moved to Roy, Okl., where a ten days meeting will be held. While the efforts at the camp meeting show little visible results, in conversions, there was much good done in a spiritual way. Christian people enjoyed the services and were much benefited by the preaching. There was enjoyment in the camping, and the diversion was a relief from the ordinary household cares. The attendance at all times was not large, but a good interest was always manifested. A number of people were present from different parts of the country, and about a dozen preachers attended the services at different times and took part in the meetings. The city park is a fine place for camping. A cool breeze is always found there with abundance of shade and good water.

## A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from Pneumonia before morning" writes Mrs. S. A. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottle free at W. F. Pine's drug store.

I. H. Degering and son I. B. Degering, of Wilburn, Ford county, came over last Friday to visit the Republican family. Mr. Degering owns a large ranch in Ford county and runs a large herd of high grade cattle. Besides his cattle he has a bunch of horses from which he is just now getting a good profit. While here he looked over our country and expressed himself well pleased with our country and its people.

Mr. Degering's son Isaac will teach the school in the Cave district.—Haskell County Republican.

## Extracts from President McKinley's Letter of Acceptance.

The stability of our national currency is therefore secure so long as those who adhere to this platform are kept in control of the government.

Will the American people, through indifference or fancied security, hazard the overthrow of the wise financial legislation of the past year?

Four years ago the people refused to place the seal of their approval upon these dangerous and revolutionary policies, and this year they will not fail to record again their earnest dissent.

The time honored principles of protection and reciprocity were the finest pledges of Republican victory to be written into public law.

Five years ago we were selling government bonds bearing as high as 6 per cent interest. Now we are redeeming them with a bond at par bearing 2 per cent interest.

Combinations of capital which control the market in commodities necessary to the general use of the people by suppressing natural and ordinary competition, thus enhancing prices to the general consumer, are obnoxious to the common law and the public welfare.

Combinations intended to restrict business, create monopolies and control prices should be effectively restrained.

For labor a short day is better than a short dollar; one will lighten the burdens; the other lessens the rewards of toil.

It will be seen that the power of the government has been used for the liberty, the peace and the prosperity of the Philippine peoples, and that force has been employed only against force, which stood in the way of the realization of these ends.

With all the exaggerated phrase making of this election contest, we are in danger of being diverted from the real contention.

The American people will not make the murderers of our soldiers the agents of the republic to convey the blessings of liberty and order to the Philippines.

The Republican party does not have to assert its devotion to the Declaration of Independence.

If our opponents would only practice what they preach the doctrine of Abraham Lincoln, there would be no fear for the safety of our institutions at home or their rightful influence in any territory over which our flag floats.

The American question is between duty and desertion—the American verdict will be for duty and against desertion, for the republic against both anarchy and imperialism.

A Populist old soldier has written to the Journal bureau asking if it is absolutely true that Breidenthal said in a letter that "A Populist is an infernal idiot to think of attending a soldiers' reunion." He says if Breidenthal did say that he will leave the Populist party and do what he can to defeat Breidenthal. The sentence quoted was written to W. D. Vincent, of Clay Center, by Mr. Breidenthal, in October, 1896. The letter fell into the hands of the Republicans and was published on October 22, 1896. Breidenthal admitted having written the letter.

## An Interesting Letter.

Norman Lichty Mfg. Co., Des Moines, Iowa. Gentlemen:—Having suffered a great deal from headache for years, and being unable to get relief until it would wear away of itself. I saw Krane's Headache Capsules advertised. I tried them and am now never without them. finding it the only medicine that will give me relief. When I now find a headache coming on me I take a capsule and find the relief instantaneous." G. H. Wright, Boston, Mass. Sold by W. F. Pine.

Three girls who were riding bicycles stopped by the roadside to get a drink and rest. After drinking, one of them sprinkled some water on her wheel and said "I baptize thee in the name of McKinley because you have made a good run." The second girl sprinkled her saddle with the remark, "I baptize you in the name of Roosevelt because you are a Rough Rider." The third girl sprinkled her tires and said, "I baptize you in the name of Bryan because you are full of wind."

The greatest invention in military science was the Gatling gun and the greatest discovery in medical science is Gatlins' Anti-Biliouss Compound, which actually cures habitual constipation. So it is not necessary to be continually taking medicine. A short treatment does the work. Ask your druggist for a free sample. For sale by all druggists.

# DR. PRICE'S CREAM Baking Powder

## In Use the most Economical

Greater in leavening strength, a spoonful raises more dough, or goes further.

Working uniformly and perfectly, it makes the bread and cake always light and beautiful, and there is never a waste of good flour, sugar, butter and eggs.

With finer food and a saving of money comes the saving of the health of the family, and that is the greatest economy of all.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Many mixtures, made in imitation of baking powders, are upon the market. They are sold cheap, but are dear at any price because they contain alum, a corrosive poison.

## GRAY COUNTY NEWS.

From the Cimarron Jacksonian, Sept. 7.

—W. J. Dixon was here the first of the week making arrangements to move one of his houses to Dodge City.

—Despite the dry weather the farmers and ranchmen will have an abundance of feed. The dry weather has cut the pasturage short.

—John Josseland, of west Gray county, who has been quite sick, is now mending fast under the care of Dr. Loomis of this county.—Santa Fe Republican.

—Cattle were never in finer condition at this season of the year than they are at the present time. Nearly all the cows with sucking calves are fat enough for beef.

—Sparks from a Santa Fe engine set fire to Frank Hull's hay meadow down the river Sunday and destroyed about \$200 worth of hay and other property, including a rake and stacker.

—The county treasurer's annual sale of real estate for delinquent taxes was held last Tuesday. There was very little bidding done by outsiders and most of the property was bid in by the county.

## How Bright's Disease Starts.

Indigestion, biliousness, blood poisoned with urea and uric acid (which should have been excreted by the kidneys), rheumatic pains in nerves and joints, causing irritation of the kidneys, then pains over the small of the back, mark sure approach of Bright's Disease. Do not delay taking Foley's Kidney Cure, for it makes the kidneys right. Take no substitute. W. S. Amos.

## Grand Reunion of the Cowboys.

At Granite, the new Chicago, Rock Island & Pacific Railroad town on Red River, in New Oklahoma, Sept. 19th, 20, and 21st.

The Second homeseeker's excursion in September (Tuesday Sept. 18th) grant one-half rate plus \$2.00 to that district, and tickets are good 21 days. You can arrive in Granite in time to see the Grand Comanche Indian Dance the second day of the reunion.

Remember that our route is through the beautiful Indian Reservation to be opened up for settlement early summer of 1901.

On any homeseekers' excursion, 1st and 3d Tuesday during 1900, you can make this trip at low rate.

Don't miss this chance to see this Reservation. Any C.R. I. & P. ticket agent will quote you rates, conditions, time of trains, etc., or address, JOHN SEBASTIAN, G. P. A. Chicago.

## Raise Turkeys.

For the past two or three years grasshoppers have done much damage in this county. Young orchards have been badly hurt by destruction of the leaves. Alfalfa fields have suffered and other vegetation likewise. The remedy is very simple. Raise turkeys. One hundred turkeys will keep a quarter section free from grasshoppers. This is no "back-man's dream." The writer's place was overrun with hoppers and about three weeks ago we turned two turkeys loose on it. Now it is hard to find a single hopper on the place. Their depredations have ceased entirely. They have all they can do to escape with their lives. The turkeys require no grain, will not touch corn while the grasshopper season lasts and two or three years of turkey raising will rid any farm of the pests. A hundred turkeys can be carried through the summer for nothing and a little grain in the fall fits them for market. The only alfalfa raiser along the bottom that we know of who has a show for seed has a large flock of turkeys. Every one else is complaining that there will be no seed this year because the hoppers have eaten the bloom. Everywhere that turkeys have been tried the story is the same, no hoppers.—Kinsey Mercury.

## Saved From Drowning.

R. O. Van Wert, of Chicago, jumped into the lake, rescued Willie Hermer, as he was sinking for the last time, carried him to the shore, and by the most prompt and vigorous treatment restored him to life.

Much can be said about the wise provisions of nature to restore the strength and vigor of the system, but thousands of lives are saved by the prompt action of XXX Dandelion Bitters. After the long strain of months of hot and trying weather, disease is lurking in every corner ready to pounce upon the weak and unresisting. Nature's process is too slow.

When you are run down in health; when your appetite is poor; when you are advanced in years, and feel unequal to the duties of life; or if you are a woman, when you are suffering from irregular monthly periods, or other female troubles; when you are dragged down with the care of a nursing baby, or if you feel dizzy, nervous, excitable, melancholy, or have fainting spells, you need a tonic to help nature's forces to bring about quick results. XXX Dandelion Bitters is the best tonic known. It tones up the stomach, bowels, liver and kidneys; it corrects any irregularity and regulates every organ in the system; improves the condition of the blood, and restores perfect health and vigor.

Judge F. C. Price returned last Saturday evening and will now stay with us. He thinks Mrs. Price and little ones will be here about October the first.—Clark County Clipper.

will be received for a remedy that is equal to Dr. Caldwell's Syrup Pepsin. For particulars ask W. F. Pine.
